

Parking and Transportation Services Persons with Disabilities – Verification for Accessible Parking

INSTRUCTIONS

Faculty and Staff ONLY

Please complete the form below to request a Disability Verification decal. Once ownership of the state-issued disability placard is verified, a free static cling decal will be processed for you. The decal will be mailed to your home address in mid-June. Please note: to qualify for the decal, you must possess a UM color-coded permit.

Once the decal is received, it must be displayed in conjunction with your UM color-coded permit (hang tag, static cling or AVI device) and your state-issued disability placard whenever you are parked in the handicap designated parking spaces in the University's lots and structures.
